

# Material Safety Data Sheet

## NeoCryl A-1044

### Section 1. Chemical product and company identification

**Product name** : NeoCryl A-1044  
**Supplier** : DSM NeoResins+, Inc. Telephone : +1 (978) 658-6600  
730 Main Street  
Wilmington, MA 01887  
USA  
**Chemical formula** : Not applicable.  
**Material uses** : Resin used in the production of coatings, inks and/or adhesives.  
**Emergency telephone number** : 800-424-9300 Medical Emergency  
For chemical emergency, spill, leak, fire, exposure or accident: call CHEMTREC day or night. DOMESTIC NORTH AMERICA 800-424-9300; INTERNATIONAL, CALL 703-527-3887 (collect calls accepted)

### Section 2. Hazards identification

**Physical state** : Liquid.  
**Odor** : Practically odourless  
**Emergency overview** : Caution  
MAY CAUSE EYE AND SKIN IRRITATION.  
Slightly irritating to the eyes and skin. Avoid breathing vapor or mist. Avoid contact with eyes. Avoid prolonged or repeated contact with skin. Wash thoroughly after handling.  
**OSHA/HCS status** : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this MSDS contains valuable information critical to the safe handling and proper use of the product. This MSDS should be retained and available for employees and other users of this product.

**Hazardous Material Information System (U.S.A.)**

Health	1
Flammability	1
Physical hazards	0
PERSONAL PROTECTION	

The PPE (Personal Protection Equipment) designation in the HMIS is provided for use by employees at supplier sites only. Other users of this product are encouraged to evaluate the hazards of the product and assign PPE that is applicable to their specific situations.

#### Potential acute health effects

**Inhalation** : No known significant effects or critical hazards.  
**Ingestion** : No known significant effects or critical hazards.  
**Skin** : Slightly irritating to the skin.  
**Eyes** : Slightly irritating to the eyes.

#### Potential chronic health effects

**Chronic effects** : No known significant effects or critical hazards.  
**Carcinogenicity** : No known significant effects or critical hazards.  
**Mutagenicity** : No known significant effects or critical hazards.  
**Teratogenicity** : No known significant effects or critical hazards.  
**Developmental effects** : No known significant effects or critical hazards.  
**Fertility effects** : No known significant effects or critical hazards.  
**Medical conditions aggravated by over-exposure** : None known.

See toxicological information (Section 11)

### Section 3. Composition/information on ingredients

<u>Name</u>	<u>CAS number</u>	<u>% by weight</u>
Poly(oxy-1,2-ethanediyl), a-(octylphenyl)-w-hydroxy-, branched	68987-90-6	1- 10

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

### Section 4. First aid measures

<b>Eye contact</b>	: Rinse with plenty of running water. Get medical attention if symptoms occur.
<b>Skin contact</b>	: Wash with soap and water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
<b>Inhalation</b>	: If inhaled, remove to fresh air. Get medical attention if symptoms occur.
<b>Ingestion</b>	: If swallowed, rinse mouth with water (only if the person is conscious). Get medical attention if symptoms occur.
<b>Protection of first-aiders</b>	: No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.
<b>Notes to physician</b>	: No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

### Section 5. Fire-fighting measures

<b>Flammability of the product</b>	: In a fire or if heated, a pressure increase will occur and the container may burst.
<b>Hazardous thermal decomposition products</b>	: In case of fire, may produce hazardous decomposition products such as carbon monoxide, carbon dioxide, (dense) black smoke, aldehydes, organic acids.
<b>Extinguishing media</b>	
<b>Suitable</b>	: Use water, foam or dry chemical powder.
<b>Special fire-fighting procedures</b>	: Fire water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain.
<b>Protection of fire-fighters</b>	: Wear suitable protective clothing. Self-contained breathing apparatus.
<b>Remarks</b>	: The material will not support combustion unless the water has evaporated.

### Section 6. Accidental release measures

<b>Personal precautions</b>	: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment (see Section 8).
<b>Environmental precautions</b>	: Prevent entry into sewers, basements or confined areas. Dike if necessary. In case of contamination of aquatic environment, inform local authorities.
<b>Methods for cleaning up</b>	: Prevent entry into sewers, basements or confined areas. Dike if necessary. Absorb spill with inert material (e.g. dry sand or earth) and place in a chemical waste container. Recycle, if possible. Avoid release to the environment. This material and its container must be disposed of as hazardous waste. Keep away from sources of ignition.

### Section 7. Handling and storage

<b>Handling</b>	: Use with adequate ventilation. Do not allow to enter drains or watercourses.
<b>Storage</b>	: Store in a fireproof location. Keep away from incompatible materials and avoid specific conditions (See section 10). Use appropriate containment to avoid environmental contamination. Sensitive to frost.
<b>Storage temperature</b>	: Store between the following temperatures: 5 and 40 °C.

## Section 8. Exposure controls/personal protection

**Engineering controls** : No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants. If this product contains ingredients with exposure limits, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure below any recommended or statutory limits.

### Personal protection

**Eyes** : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: chemical splash goggles.

**Skin** : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

**Respiratory** : Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

**Hands** : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. Considering the parameters specified by the glove manufacturer, check during use that the gloves are still retaining their protective properties. It should be noted that the time to breakthrough for any glove material may be different for different glove manufacturers. In the case of mixtures, consisting of several substances, the protection time of the gloves cannot be accurately estimated.

### Product name

Not available

### Exposure limits

**Consult local authorities for acceptable exposure limits.**

**Remarks** : If respiratory protection is needed, use a NIOSH certified respirator with an Assigned Protection Factor (APF) of at least 10.

## Section 9. Physical and chemical properties

**Physical state** : Liquid.

**Flash point** : Closed cup: >100°C (>212°F) [(estimate)] [Product does not sustain combustion.]

**Color** : White, translucent.

**Odor** : Practically odourless

**pH** : 9.3 to 9.8

**Boiling point** : 100°C (212°F)

**Specific gravity** : 1.05

**Vapor pressure** : 2.3 kPa (17.251 mm Hg) [room temperature]

**Viscosity** : Dynamic (room temperature): 17 mPa·s (17 cP)

**Solubility** : Partially soluble in the following materials: cold water and hot water.

**Remarks** : Miscible in water.

## Section 10. Stability and reactivity

**Stability and reactivity** : The product is stable.

**Conditions to avoid** : Keep away from heat, sparks and flame.

**Materials to avoid** : No special recommendations.

**Hazardous decomposition products** : Under normal conditions of storage and use, hazardous decomposition products should not be produced.

**Possibility of hazardous reactions** : Under normal conditions of storage and use, hazardous reactions will not occur.

## Section 11. Toxicological information

### Acute toxicity

Product/ingredient name	Result	Species	Dose	Exposure
Poly(oxy-1,2-ethanediyl), a-(octylphenyl)-w-hydroxy-, branched	LD50 Oral	Rat	250 to 2000 mg/kg	-

**Conclusion/Summary** : Not available.

### Chronic toxicity

**Conclusion/Summary** : Not available.

### Irritation/Corrosion

**Conclusion/Summary** : Not available.

### Sensitizer

**Conclusion/Summary** : Not available.

### Carcinogenicity

**Conclusion/Summary** : Not available.

### Mutagenicity

**Conclusion/Summary** : Not available.

### Teratogenicity

**Conclusion/Summary** : Not available.

### Reproductive toxicity

**Conclusion/Summary** : Not available.

## Section 12. Ecological information

**Ecotoxicity** : No known significant effects or critical hazards.

### Aquatic ecotoxicity

Product/ingredient name	Result	Species	Exposure
Poly(oxy-1,2-ethanediyl), a-(octylphenyl)-w-hydroxy-, branched	LC50 1 to 10 mg/l	Fish	96 hours

**Conclusion/Summary** : Not available.

### Persistence/degradability

**Conclusion/Summary** : Not available.

## Section 13. Disposal considerations

**Waste disposal** : Waste must be disposed of in accordance with national and local environmental regulations.

**Disposal should be in accordance with applicable regional, national and local laws and regulations.**

**Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.**

**Consult your local or regional authorities.**

## Section 14. Transport information

Regulatory information	UN number	Proper shipping name	Class	Packing group	Label	Additional information
<b>DOT Classification</b>	Not regulated.	-	-	-		-
<b>TDG Classification</b>	Not regulated.	-	-	-		-
<b>Mexico Classification</b>	Not regulated.	-	-	-		-
<b>ADR/RID Class</b>	Not regulated.	-	-	-		-

*Continued on next page*

IMDG Class	Not regulated.	-	-	-	-	-
IATA-DGR Class	Not regulated.	-	-	-	-	-

**Special precautions for user** : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

## Section 15. Regulatory information

**Clean Air Act Section 112 (b) Hazardous Air Pollutants (HAPs)** : Not listed

### SARA 313

	<u>Product name</u>	<u>CAS number</u>	<u>Concentration</u>
<b>Form R - Reporting requirements</b>	: No products were found.		

**State regulations** :

- Connecticut Carcinogen Reporting:** None of the components are listed.
- Connecticut Hazardous Material Survey:** None of the components are listed.
- Florida substances:** None of the components are listed.
- Illinois Chemical Safety Act:** None of the components are listed.
- Illinois Toxic Substances Disclosure to Employee Act:** None of the components are listed.
- Louisiana Reporting:** None of the components are listed.
- Louisiana Spill:** None of the components are listed.
- Massachusetts Spill:** None of the components are listed.
- Massachusetts Substances:** None of the components are listed.
- Michigan Critical Material:** None of the components are listed.
- Minnesota Hazardous Substances:** None of the components are listed.
- New Jersey Hazardous Substances:** None of the components are listed.
- New Jersey Spill:** None of the components are listed.
- New Jersey Toxic Catastrophe Prevention Act:** None of the components are listed.
- New York Acutely Hazardous Substances:** None of the components are listed.
- New York Toxic Chemical Release Reporting:** None of the components are listed.
- Pennsylvania RTK Hazardous Substances:** None of the components are listed.
- Rhode Island Hazardous Substances:** None of the components are listed.

### California Prop. 65

**WARNING:** This product contains less than 0.1% of a chemical known to the State of California to cause cancer.  
**WARNING:** This product contains less than 1% of a chemical known to the State of California to cause birth defects or other reproductive harm.

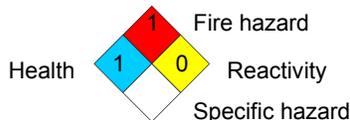

<u>Ingredient name</u>	<u>Cancer</u>	<u>Reproductive</u>	<u>No significant risk level</u>	<u>Maximum acceptable dosage level</u>
Propylene oxide	Yes.	No.	No.	No.
1,4-dioxane	Yes.	No.	Yes.	No.
ethylene oxide	Yes.	Yes.	Yes.	Yes.
Acetaldehyde	Yes.	No.	90 µg/day (inhalation)	No.

**United States inventory (TSCA 8b)** : All components are listed or exempted.

## Section 16. Other information

**Label requirements** : MAY CAUSE EYE AND SKIN IRRITATION.

**National Fire Protection Association (U.S.A.)** :

**Date of printing** : 1/11/2013.

*Continued on next page*

**Date of issue** : 1/11/2013.  
**Date of previous issue** : No previous validation.  
**Version** : 3  
**Code** : 031087WW48529 - USA

**Notice to reader**

The information contained in the Material Safety Data Sheet is based on our data available on the date of publication. The information is intended to aid the user in controlling the handling risks; it is not to be construed as a warranty or specification of the product quality. The information may not be or may not altogether be applicable to combinations of the product with other substances or to particular applications.

The user is responsible for ensuring that appropriate precautions are taken and for satisfying themselves that the data are suitable and sufficient for the product's intended purpose. In case of any unclarity we advise consulting the supplier or an expert.

**Sources of key data** : Literature data and/or investigation reports are available through the manufacturer.

**Alterations compared to the previous version** : Alterations compared to the previous version are marked with a little (blue) triangle.
